

DNHG Full-Day Geology and Plant trip around Mahdah in Oman
Friday 13th February 2015

Jean-Paul Berger, assisted by Valerie Chalmers, will lead a full-day geology and plant trip around Mahdah in Oman on Friday 13th February 2015. We will visit the springs (Dolomite deposits) after the checkpoint on the Mahdah Road, the fort in Wadi Sharm, the Star Dune and the rudist reef at Jebel Bu Milh. We will also make 'flora' stops on the way to Wadi Sharm along the Mahdah Road after the Omani checkpoint.

Meeting Point will be the BP Petrol Station in Oman at 9.30 a.m.

GPS Coordinates: 24° 51' 51.30"N 55° 56' 36.38" E

You will need to bring passports, ID cards and have Car Insurance for Oman.

Also bring picnic lunch, plenty of water and drinks, sun hats, sun creams, good shoes for walking, cameras.

4WD only – basic off-road driving.

Number of people: **24 (6 cars)**

Those interested should email Valerie Chalmers on valeriechalmers@gmail.com
