

DNHG Trip to Mleiha Archaeological Centre on Friday 10th November 2017

Do you know that the UAE holds some secrets of our past?! We don't have to travel far to discover the secrets of our ancestors.

We all live in this fast paced city thinking that life here existed after the discovery of oil.....but long before any of that early humans have passed through this region. Archaeological remains as old as 150,000 yrs have been unearthed in UAE. So let us understand our history and of the region from the experts.

Travel back in time to discover the wonders of the past, explore the remains of a 70 million year-old sea bed. Step into lives of early humans who made their way out of Africa during the Paleolithic period. Gaze deep into the night sky and learn the secrets of the universe.

This tour allows you to do exactly that and learn a whole host of information while having fun.

For those who opt to stay back for the BBQ dinner, they will get to sit back and watch the beautiful sunset followed by a short trek off the mountain and a BBQ dinner under the stars. Also includes observing the deep sky objects through the telescope with an expert.

So if this is something that you been waiting for then please contact Sandeep Vincent at sandeep.vincent@gmail.com

RSVP with your contact number and the number of people as soon as possible

COST:

Archaeological Tour - AED 120

Optional BBQ dinner and star gazing - AED 140

Meeting Point: Mleiha Archaeological Centre

Meeting Time will be sent to all participants.

The amount will be collected by Tuesday so as to pass the exact number to the archaeological centre.

This is a specially discounted package especially for DNHG and its members.
